

Journal of Image and Graphics

CONTENTS

Volume 1, Number 1, March 2013

- Platform-Based Design Approach for Embedded Vision Applications.....1
Jai Gopal Pandey, Abhijit Karmakar, Chandra Shekhar, and S. Gurunarayanan
- Content Based Image Retrieval Using Low Level Features of Automatically Extracted Regions of Interest.....7
E R Vimina and K Poulouse Jacob
- Image Reconstruction and Edge Detection based upon Neural Approximation Characteristics.....12
Manoj Kumar Singh
- Findings and Discussions on Coastal Evolution of Kuwait, Review of Laws and Perspective of Developed Strategies.....17
S. Baby
- Static Hand Gesture Recognition Using Artificial Neural Network.....34
Trong-Nguyen Nguyen, Huu-Hung Huynh, and Jean Meunier
- A New No-Reference Image Quality Measure for Blurred Images in Spatial Domain.....39
Kanjar De and Masilamani V.
- A Novel Public Key Image Encryption Based on Elliptic Curves over Prime Group Field.....43
Ali Soleymani, Md Jan Nordin, and Zulkarnain Md Ali
- The Roles of Media in Influencing Women Wearing Hijab: An Analysis.....50
Zulkifli Abd. Latiff and Fatin Nur Sofia Zainol Alam
- Effect on Sleepiness and Relaxation of Doing Yoga upon Waking with a Smartphone Yoga Application.....55
Masashi Sugano and Mami Ueno
- Electronic Laser Speckle Interferometer for Displacement Measurement using Digital Image Processing Technique.....59
R. Balamurugan and S. Muruganand
